b. Statistics

(1) Chart 4, page 11 (see Attachment E for Agency worksheet). A change from last year's report has to do with the kind of students to include in course enrollments. In prior years courses taken by full-time students were not included in course enrollments. This year these courses will be included. The figures for university enrollment for FY-71 will be recomputed by the IHC/SS in order that the statistics for FY-71 and -72 in Chart 4 may be compared.

(2) Chart 1, page 5 (see Attachment B for Agency worksheet). Member organizations are requested to provide totals only for columns entitled "Individual", "Students (Enrollment)." Do not provide a breakdown between Military and Civilian students. Instead, provide a percentage figure of the military students for the total figures given in all three statistical columns. If no distinction can be made between User and System Personnel, give a total figure.

(3) Chart 2, page 7 (see Attachment C for Agency worksheet). Grade levels for students will be defined as:

	<u>CIVILIAN</u>	<u>MILITARY</u>
Clerical	GS-1 - GS-6	E-1 - E-5
Junior	GS-7 - GS-11	E-6 - E-9 O-1 - O-2
Mid-Career	GS-12 - GS-14	O-3 - O-5
Senior	GS-15 and up	O-6 and up

A breakdown of User and System Personnel in each of the above mentioned professional levels is required.

(4) Chart 3, page 9 (see Attachment D for Agency worksheet). No change in guidance. All member organizations are requested to submit data for Annex B of AR-5 as submitted for Annex B of AR-4.

(5) Chart 4, page 11 (see Attachment E for Agency worksheet). All member organizations are requested to submit both absolute number of students as well

as percentage figures as indicated in Attachment E. The percentage figure should be recorded below the absolute number.

(6) Chart 5, page 13 (see Attachment F for Agency worksheet). All member organizations are requested to submit data for Annex B of AR-5 as submitted to Annex B of AR-4.
